Math	<p>This week, we discussed Worked Example 1 on page 115 of the learner's book. After that, we solved questions 3, 4, and 6 from Exercise 8.1 on page 116, and then completed questions 7, 9, and 10 on page 117 of the learner's book. We also worked on questions 1, 8(a), 9, and 10 from Exercise 8.1 in the workbook. Afterwards, we started a new topic on multiplication (page 135 of the learner's book), where I explained the definition of estimation. We then began multiplying numbers of up to four digits by one-digit numbers. Finally, I gave the students Worksheet 10 for practice.</p>
Science	<p>Change of state. Boiling and evaporation. Particle theory. Check the notebook for more information. The study sheet will be sent during the upcoming week.</p>
