Math	<p>This week, we explored the 100 Square Chart</p> <p>We learned that:</p> <ul style="list-style-type: none">• When we go down the column, we add 10 (that means 10 more).• When we go up the column, we take away 10.• When we move to the right, we add 1.• When we move to the left, we take away 1. <p>We also learned how to compare numbers using the less than (<), greater than (>), and equal to (=) signs. To make comparing easier, students first identify the tens and ones, then underline the ones place before starting to compare. This strategy helps your child clearly see which number is larger or smaller.</p> <p>Please continue encouraging your child to practice comparing numbers and exploring number patterns at home.</p>
