

Dear Parents and Guardians,

This message serves to emphasize a fundamental pillar of academic success: consistent, daily study and reinforcement.

While we are fully committed to providing the highest quality of instruction in the classroom, true and lasting learning is solidified through diligent practice and review at home. The material covered in class is cumulative and moves at a steady pace. Without daily engagement, students can quickly fall behind, leading to gaps in understanding that become increasingly difficult to close.

Therefore, we must insist on a strong, collaborative effort. We respectfully urge you to take an active and consistent role in your child's academic routine.

Your partnership is critical in the following ways:

Establish a Daily Study Routine: Please ensure your child dedicates a specific, uninterrupted time each day for reviewing notes, completing assignments, and preparing for upcoming lessons.

Actively Monitor Progress: Regularly check their assignment planner, completed work, and available online portals. This is not about micromanaging, but about showing informed interest and holding them accountable.

Communicate with Your Child: Engage in brief conversations about what they learned each day. This simple practice reinforces knowledge and demonstrates that you value their education.

Please note that our assessment is ongoing; therefore, we conduct daily assessments to insure the students' progress in reading, writing, listening, and speaking.

For grades 4-10 the monthly mark is divided into two parts: monthly exam and students' academic performance. All the resources in LMS and the hard copies handed to the students are required to study purposes.

We understand the demands of modern family life. However, instilling the discipline of daily study is one of the most valuable lessons we can impart, fostering not only academic excellence but also responsibility and a strong work ethic.

Your vigilance at home directly supports our efforts in the classroom and, most importantly, sets your child on a path to success. We thank you for your unwavering support and collaboration in this vital matter.

Sincerely,
