Grammar Worksheet – Future Forms

1. Complete the conversation with going to, shall, will or won't.

Ray: Have you got the external hard drive so we can get ready for our presentation this afternoon?

Ollie: Oh no! I've left it at home. ¹ _____ I go and get it?

Ray: Don't worry. I ² _____ ask my mum to send the file by email.

Ollie: Phew! ³ _____ you print a copy of my notes, please?

Ray: Sure! I expect we ⁴ _____ need to wait ... Oh, hang on. She's sent it already!

I'm ⁵ _____ download the file now.

[30 minutes later]

Ray: The file is downloading really slowly. It's not ⁶ _____ download in time for our presentation.

Ollie: Oh dear. I can't remember any of my ideas. We're ⁷ _____ fail!

Ray: We ⁸ _____ fail. I promise. I'll tell the teacher and we can do it tomorrow.

2. Correct the mistakes with the underlined verb forms

1. The moment he **will get** here, I'll text you.
2. Before you **have left**, can we take a selfie together?
3. We can stream a film after the match **will finish**.
4. We'll start recording as soon as you **will be comfortable**.
5. By the time you've written that email, I **am ready** to go out.
6. I can't switch off my computer until the files **are downloading**.
7. I'll give your headphones back when I **listen** to this song.
8. Once I **uploaded** my work to the cloud, my teacher will get it.

3. Choose the future continuous or future perfect form of the verb to complete the sentences

1. a This time next year, I'll **be studying** / **have studied** robotics at university.
a I'll **be starting** / **have started** my university course in robotics by this time next year.
2. a By the time I'm thirty, everyone will **be driving** / **have driven** electric cars.
b Everyone will **be stopping** / **have stopped** driving petrol cars by the time I'm thirty.
3. a I hope that by the year 2040, the world will **be ending** / **have ended** climate change.
b The world will **be using** / **have used** green technologies for everything by the year 2040.
4. a In a few years' time, robots and smart technology will **be doing** / **have done** a lot of our jobs.
b Robots and smart technology will **be taking** / **have taken** many people's jobs by the year 2035.
