English	<p>This week in English, we focused on <b>reading practice</b>. Students worked on improving their <b>reading fluency</b>, recognizing <b>sight words</b>, and understanding what they read. We practiced reading short sentences together, repeating them in pairs, and matching sentences to the correct pictures.</p> <p>We enjoyed an extra story and discussed the characters and events to build reading confidence. Throughout the week, students practiced blending sounds to read accurately and used expressions while reading aloud. We also highlighted and underlined sight words within sentences during our reading activities.</p> <p>It was a great week full of reading, fun, and progress.</p> <p>Note: <i>The reading practice worksheets will be shared on LMS.</i></p>
Math	<p>This week we learned how to add a two-digit number to a one-digit number using a number line. We also practiced adding mentally by putting the bigger number in our heads and the smaller number on our fingers, then counting forward.</p>
