English	We talked about what happened in the story and discussed the two main problems. Students practiced retelling the events and writing the story in the correct order on Notebook page 18. We also worked on a reading comprehension activity and answered the related questions. The worksheet is uploaded on LMS for your reference. In addition, we practiced reading the **High Frequency Words – Group 4** together. These words will be shared with you on Saturday on LMS. **Note :** If your child did not finish the story ordering activity in class, please help them complete it on Notebook page 18.

Math	This week we have learned how to add two - digit with two -digit numbers using the column method. We have also taken an introduction about subtraction and how to subtract using the number line. Make sure your child knows how to count backwards fluently from 100 to 0. Daily practice is very important in math.
French	We reviewed the colors, the syllables, and we are learning a new song.
Science	This week, we completed Lesson 5.2 *Darkness*. We learned that when there is little or no light, we have darkness. We discussed how people can work in dark places by using bright lights to help them see and by wearing clothes that reflect light. We also completed Workbook pages **63 and 64**.
