Grade 5

Subject	Material Covered in Class
Arabic	الانتهاء من مفهوم المثني وحل ورقة العمل المتعلقة به.
English	-Students completed Reading Comprehension Worksheet (5,6) focusing on understanding details, vocabulary in context, and inference skills. - Each student gave a short speech about how to show respect in the classroom. They practiced clear speaking, eye contact, and using polite, thoughtful language. -We covered pages 91,92 in the Learner's Book.
Math	After solving questions from <b>Learner's Book Lessons 14.2 and 14.3</b> , students applied their knowledge by solving <b>Worksheet 17</b> , which featured four questions selected from past exam papers. Following this, we transitioned into a new topic, <b>Unit 16: The Laws of Arithmetic</b> , introducing the material with a comprehensive <b>study sheet</b> that outlines all necessary explanations and includes a variety of practice questions.
